

## **Range Rules**

1. Treat all firearms as if they are loaded.
2. Everyone has the responsibility of being a safety officer while on the range.
3. Eye protection is mandatory; Hearing protection is mandatory.
4. The Cowboys range is a cold range - no loaded firearms except at the designated loading tables and firing line.
5. No alcoholic beverages until your guns are put away, and you're done shooting for the day.
6. No illegal "drugs/prescriptions/medications" are allowed that impair your ability to handle a firearm safely. Anyone appearing to be under the influence of such a substance will be instructed to put their guns away and/or remove themselves from the range.
7. Lead bullets only! No jacketed or semi-jacketed bullets.
8. Muzzles must always be pointed down range, or in a safe position (up in the air) at all times.
9. Actions on long guns (rifles/shotguns) must remain open, except at loading tables or while at the firing line.
10. Load only the proper number of rounds for the stage being shot.
11. Unload and show clear at designated unloading tables.
12. Do not go down range (in front of the firing line) without calling "down range/cease fire" first.
13. No firearms are to be handled/touched when a down range/cease fire is called.
14. Spectators must remain behind the firing line at all times and wear eye/ear protection.

These rules are not all inclusive. Additional range rules may apply. If you have questions, please direct them to the Range Director.
