

Junior Shooters

The Cowboys, allows and encourages young people to get involved with our sport! We have a Junior class (ages 16 and under) and a Jr. Buckaroo class (ages 13 and under) for young shooters.

Juniors must attend the New Shooter's Clinic to demonstrate proper handling/safety skills before being allowed to participate in regular monthly matches. Of course, they must be accompanied by a parent/legal guardian at all times while on the range.

Our sport has attracted a growing number of young shooters, many of whom compete very well against the adults. And the best part ... juniors shoot FREE! Our sport is very family oriented and family friendly, so don't be afraid to bring the young 'uns out!
